

**PRESS RELEASE**

02 April 2014

## UL™ Approval for Portalevel™ MAX Liquid Level Indicator

*The portable liquid level indicator, Portalevel™ MAX from **Coltraco**, has been awarded UL approval dated 6 March 2014.*

Products today must meet a diverse spectrum of certification and compliance requirements, and there is a growing need to provide more transparency into products in the marketplace. In response to evolving customer needs, UL (Underwriters Laboratories), a world leader in advancing safety is a global independent safety science company with more than a century of expertise innovating safety solutions. Dedicated to promoting safe living and working environments, UL helps safeguard people, products and places, facilitating trade and providing peace of mind.

Portalevel™ MAX is available in 2 model types: Portalevel™ MAX and Portalevel™ MAX Marine (for shipboard use to enable SOLAS compliance) and designed for easy liquid level indication for CO<sub>2</sub>, FM-200™, NOVEC™1230, FE-13™, FE-25™ & FE-36™ HFC-225 & 227 and Halon 1301.
