

PRESS RELEASE

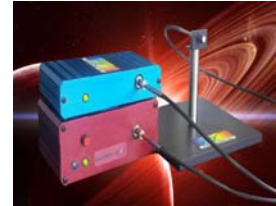

03 September 2012

FREE Vis Spectrometer when you buy a NIR Spectrometer

StellarNet is offering incredible savings on all UV-VIS-NIR spectrometer systems. Buy a NIR spectrometer (900-1700nm) and get a **FREE** VIS spectrometer. The offer gets even better with the extended range NIRX-SR spectrometer (900-2300nm), receive a UV-VIS spectrometer for FREE! Below are our most requested configurations.

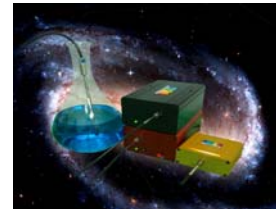

Dual VIS-NIR SpectroRadiometer System (350-1700nm)

BLUE-Wave-VIS spectrometer (**FREE**)
DWARF-Star NIR spectrometer
F600-Y-VISNIR fibre optic cable
CR2 cosine receptor with tripod
IRRAD-CAL + IRRAD-CAL-NIR

UV-VIS-NIR System for Chemical Absorption (200-2300nm)

BLACK-Comet-SR Spectrometer (**FREE**)
RED-Wave-NIRX-SR Spectrometer
SL5-CUV
F600-Y-UVVISNIR
Optional Probes

VIS-NIR System for Optical Transmission (350-2300nm)

BLACK-Comet-CXR-SR Spectrometer (**FREE**)
RED-Wave-NIRX-SR Spectrometer
SL1-Filter Visible Light Source
F600-VISNIR & F600-Y-VISNIR Fibre Optic Cables
TXF-4 Transmission Fixture

Offer is strictly limited. For details, pricing and more information, contact Warsash Scientific on +61 2 9319 0122 or sales@warsash.com.au.
